

EIGHT MEN BURNED
BY MOLTEN METALACCIDENT IN THE PITTSBURG
IRON WORKS TODAY.

Two Converters Overturned, and One Man Will Die, While Seven Others Were Hurt—Load of Passengers Dashed Down a Hill to Death in a Trolley Car—Other Accidents.

Pittsburg, Oct. 14.—Two converters at the American Iron Works were overturned this morning and one man was fatally, three dangerously and four seriously injured.

Pittsburg, Pa., Oct. 14, By an accident last night on the Carnegie branch of the West End Traction road three persons were killed and fourteen were badly injured. The killed are:

GEORGE ROTHMAN, furniture dealer at Carnegie.

JACOB HEISEL, glass dealer, Carnegie.

MRS. ELIZABETH BISHOP, No. 1509 Carson street.

The injured, as far as known, are as follows:

Michael Foley, West End, Pittsburg; badly cut about head and body; dangerously hurt.

Mrs. Foley, head cut and body badly injured.

Professor Alexander Phillips, Pittsburg Academy; head and neck cut; serious.

O. J. Baldwin, Youngsville, Pa.; skull fractured.

Miss Emma Laughlin, No. 309 Atwood street, Pittsburg; scalp wound; both legs crushed.

Mrs. Pearl Hoon, Beaver Falls; scalp wound.

Unknown boy, bruised.

Robert Wiley, 10 years old; badly bruised.

George Waddies, motorman; leg crushed and head cut.

Frank McGuire, conductor; badly bruised.

Mrs. Leetz, badly bruised.

Her 6-year-old son, seriously hurt.

The accident happened to car No. 56 on the long hill coming to the West End on its way to Pittsburg. Just as the car started down the heavy grade the brake broke and the car was soon beyond control of the motorman. The speed became terrific, and when a sharp curve over the foot of the hill was reached the car made a wonderful leap, landing trucks uppermost in McCarthy's Run, six or eight feet below the track grade.

The accident occurred at a lonely spot, and it was some time before assistance reached the sufferers, who were wedged tightly in the wreck. When the conductor saw that the car was beyond control, he lay down on the floor and advised the others to follow his example. The killed were found wedged under the roof of the car, which had been smashed in upon them. The escape of any of those on the car was miraculous. The dead were brought to the Pittsburg morgue, and the injured to the several hospitals.

IN A FREIGHT WRECK.

Two Parts of a Broken Train Come Together Near Waterbury, Conn.

Waterbury, Conn., Oct. 14.—A serious freight wreck occurred here last night, when two parts of a broken train came together. Ten cars loaded with trotting horses, live stock and other exhibits from the Danbury fair, which closed last week, were crushed and thrown down a forty-foot embankment. Mazeppa, the famous champion trick horse of the world, valued at \$40,000, was instantly killed. One man was fatally injured and two others seriously hurt. The injured are:

Henry Thompson, Boston, cut about head.

James McCarron, Boston, contusions, head, arms and body.

The train, which was a long one, was made up at Danbury. When about a mile from this city it parted in the middle, and the two sections came together again with a tremendous crash when near the center of the city. Cars were splintered and piled up in every direction. Ten of them fell in fragments to the bottom of a forty-foot embankment. The car containing Mazeppa was reduced to kindling wood. He was owned by H. D. McGuire, of Boston. The groom, Harry Thompson, had a miraculous escape from death. McCarron was pinned under a portion of the wreck for two hours, and had to be cut out with saws and axes. Traffic was suspended the entire evening.

Four Men Drowned.

Baltimore, Md., Oct. 14.—Four men were drowned yesterday afternoon by the capsizing of a pleasure boat in the middle branch of the Patapsco river. They were:

HARRY STINER, a ferryman.

FRED VALKMAN, a bartender.

WILLIAM A. REYNOLDS, a baker.

JAMES HUSTON, occupation unknown.

All the men were residents of this city, and, together with two companions, attempted to cross the river from Ferry Bar to Mater's pavilion, in Anne Arundel county. A strong east wind made the water very rough, and when about half way across the boat began to fill and went over, leaving the pleasure-seekers struggling in the water. A number of row boats went to the rescue, but before they reached the capsized boat the men had gone down for

the last time. Their companions were rescued with difficulty. None of the bodies have been recovered.

WORK LAID OUT FOR CONGRESS

Venezuela Question To Come Up in the Form of a Resolution.

Washington, Oct. 14.—The manner in which the Venezuelan question is to be brought before Congress has been outlined in a general way by those who have been most interested in the subject. This will be by means of a resolution to be introduced, it is probable, on the first day of the session. It will provide for the appointment of a committee of six, three from the Senate and three from the House, to consider the entire question and to report as to the rights and obligations of the United States, and the course desirable for this Government to take. This resolution, it is said, will not delay a speedy determination of the attitude of the United States. The purpose is to have all necessary material in the way of historical data ready for the committee as soon as it is appointed, and it is expected that a report will be made to both branches of Congress before the holiday recess.

MAKES MANY PROMISES.

Turkish Commission Will Deal Severely with Offenders.

Constantinople, Oct. 14.—The Porte has appointed a commission to inquire into the recent Armenian arrests, and has promised the powers to deal severely with any one who is found to have tortured the Armenians in prison. Many persons were killed and wounded in the recent disturbances in the Ismid district, southeast of Constantinople, in Asia Minor, but order has been restored. The town of Ismid is the residence of Greek and Armenian archbishops.

A report has reached the Patriarchate that two Armenians were murdered on leaving the Koumkapou church, during the evacuation of the churches by the Armenian refugees.

Killed a Constable.

Columbia, S. C., Oct. 14.—Yesterday at Greenwood, S. C., J. J. Mosely, a liquor constable, was shot in the back of his head and instantly killed. Mosely had just seized some liquor coming in on a late train. He was accompanied by a trial justice's constable, and had a warrant. While storing the whisky in the depot a negro seized a jug and ran. Mosely fired two shots at him, and just then was shot from behind.

Four negroes have been arrested and are guarded in the guardhouse. There are threats of lynching, and the local militia has been ordered to hold itself in readiness to respond to the orders of the mayor.

Attempted Outrage at Anderson, Ind.

Anderson, Ind., Oct. 14.—An attempt was made at 1 o'clock yesterday morning to blow up the four-story Hurst, block, just being completed. The mortar and brick hoist engine was found at 1 o'clock with the gas going full, and the steam was registered at 120 pounds, twenty over the test limit. All but very little water had been drawn off, and the boiler was just ready to go up when found. The contractors say that it would have exploded within five minutes, and would have blown the building to pieces. A similar attempt was made to blow up the five-story Masonic temple. A \$200 reward has been posted.

Illinois Baptist Societies.

Quincy, Ill., Oct. 14.—The convention of the Illinois Baptist societies will be held at the First Baptist church in this city during the present week. The anniversary rally comprises three conventions in one, but the societies having so much in common the anniversaries are held at the same time. The pastoral union convenes tonight and will be in session until Tuesday evening. The annual sermon will be delivered this evening, and the election of officers also takes place.

The Jackson Hole Killing.

Pocatello, Idaho, Oct. 14.—Lieutenant J. K. Miller of the Eighth infantry, stationed about twenty miles from Jackson Hole, states that J. C. Wilson, who brought the report, a week ago, of the killing of Captain Smith and companions in Jackson's Hole, is a deserter from the Seventh cavalry, in camp in Teton pass, and that Wilson made these statements in order to obtain a relay of horses and facilitate his escape. There is no truth in the statement.

There is said to be positive proof of it, and Bittles will be indicted.

BIG MILL AT BERLIN
DESTROYED BY FIRE

THE WISCONSIN TOWN HAS A
HEAVY LOSS.

Thousands of Feet of Lumber Also Destroyed, With But Small Insurance—Fire Was of Incendiary Origin—Duluth's Loss Will Be \$200,000—Four Die in a Prairie Blaze.

Berlin, Wis., Oct. 14 (Special).—The old sawmill owned by August Teisler and a large part of the lumber yards were burned last night. Two acres were swept over by the flames and many thousand feet of lumber were destroyed. The loss is about \$7,000 with but little insurance. The fire was of incendiary origin. An attempt was made to burn it a month ago but failed.

Duluth, Minn., Oct. 14.—The total loss by the burning of the Masonic Temple block early yesterday morning is conservatively estimated at \$200,000, with insurance of \$100,000, nearly all the policies being held by the Pennsylvania Mutual Insurance company, which held a mortgage on the building. Besides this loss there are minor losses in which some forty or fifty people share, which will in the aggregate amount to possibly \$20,000, with an insurance of almost nothing. When the building was examined after the fire was under control it was found that the fire wall separating the temple proper from the opera house had practically saved the former and that the only damage done there was by water. The people who were reported missing have appeared. The building will not be touched again this winter.

Winnipeg, Manitoba, Oct. 14.—Four people were fatally burned near here while fighting prairie fires. Edward St. Germain, aged 12, was engaged with an elder brother in an endeavor to save several hay stacks, when their clothing caught fire. Edward was burned to a crisp, and the elder brother so badly burned that he cannot recover. At another point some Canadian Pacific railroad employees were endeavoring to drive back the flames from the railroad property. Edward Lukyn, a section man, and a foreman, name unknown, were surrounded by flames, and both perished. It is feared that other fatalities have occurred, as fires were raging on all sides.

PISTOLS IN A FAMILY ROW.

Three Men Shot in an Affray at Aurora, Mo.

Aurora, Mo., Oct. 14.—A shooting affray, in which two men were probably fatally injured and a third man seriously wounded, occurred here last evening. The trouble occurred at the home of Louis Jones, whose married daughter, Sarah, is living apart from her husband. She appeared at the house in company with Andy Alexander and demanded her personal effects. The woman has been living recently at the home of Alexander's father and mother.

The Jones family refused to give the woman her things, and a quarrel and fight followed, when they attempted to prevent her leaving the house with young Alexander. During the scuffle Alexander shot Thomas Jones, the woman's brother, and Louis Jones, her father. Louis Jones also used his gun and succeeded in putting two bullets into young Alexander's body. One bullet entered the side of Alexander's neck and the other penetrated the forehead just above the temple and entered the brain. Alexander cannot live. A bullet passed through Tom Jones' body, entering the right side below the ribs and coming out at the back. Old man Jones was shot in the mouth, all his teeth being knocked out. The woman was not injured.

Don M. Dickinson Talks of Sackville.

Washington, Oct. 14.—Don M. Dickinson is in Washington with a committee to look after the interests of Michigan in securing more rapid mail service. Mr. Dickinson's name has been spoken of recently as the one referred to by Sir Lionel Sackville-West in his pamphlet as the member of Mr. Cleveland's cabinet responsible for the minister's summary dismissal. Mr. Dickinson was asked today as to the facts of the case. He said: As the incident occurred when I was a member of the cabinet I do not feel at liberty to discuss it. But as to Sir Lionel Sackville-West, I have no hesitation in saying that he is now and always has been an infernal ass.

A DECLINE IN CROPS
SHOWN BY REPORTS

WORLD'S YIELD OF WHEAT IS
RATHER SMALL.

One Hundred Million Bushels Less Than It Should Be—Oats, Rye and Barley Are Up To Grade, the Agricultural Department Report Says—Postoffice Returns.

Washington, Oct. 14.—The reports of the agricultural department show a decline of all the principal crops except oats, rye and barley. The wheat crop of the world is short a hundred million bushels.

Washington, Oct. 14.—John L. Thomas, assistant attorney general for the postoffice department, has made his annual report to the Postmaster-General. Of the operations of his office he says that during the year 218 "fraud" orders were issued prohibiting the delivery of registered packages and the payment of money orders to certain companies and parties named. Of these thirty-eight were duplicates. The orders were issued against forty-five lotteries operated by so-called bond investment companies, twelve avowed lotteries, twenty-one lotteries of a miscellaneous character, and 130 schemes devised to defraud the public. The act of March 2, 1895, further amending the lottery act, has been most successful and has virtually closed the mails to lottery concerns. The number of claims allowed for losses by burglary, etc., were 1,306, amounting to \$136,686. He again urges a law compelling subordinates in postoffices to give security for the handling of money, or making the postmasters responsible for losses incurred by subordinates. Mr. Thomas also calls attention to dangerous and injurious matter deposited in the mails, and the discovery that there is no statute forbidding it.

NO THIRD TERM.

President Cleveland Is Not Seeking a Re-election.

Washington, Oct. 14.—It seems to be the unanimous opinion of the cabinet that Mr. Cleveland is not only not a candidate for a third term, but that he would not accept a nomination even were it tendered him. It is said that Mr. Cleveland has not made any declaration on this subject because he does not think it is called for. While no member of the cabinet has yet allowed himself to be officially interviewed upon the subject whether or not Mr. Cleveland would like a third term, nearly every one of them has expressed an opinion on the question to his friends. The last of these expressions, and the only entirely direct one yet made, comes from a close friend of Secretary of War Lamont, and is believed to be absolutely correct.

NORTHERN PACIFIC WORK.

Bondholders Ready to Advance Money for Reorganization.

Tacoma, Wash., Oct. 14.—Letters received here from St. Paul men well posted in railway affairs, state that President Hill is working harder than ever to consummate his consolidation plan. They say that the Deutsche Bank of Berlin, representing a majority of bondholders, is ready to advance the money necessary for the reorganization of the Northern Pacific about \$15,000,000 if convinced that the Hill scheme is the right one. Men here who have been quietly investigating state that the sentiment of the people of Washington and Montana is practically unanimous against consolidation and that the Hill-Adams plan will encounter a serious obstacle in the constitution and by-laws of Montana.

Submits to Levelled Winchester.

Pender, Neb., Oct. 14.—David St. Cyr of the Winnebago Agency has arrived in town to secure bonds for J. F. Myers of the Flournoy company and W. S. Garrett, republican candidate for sheriff, who were arrested while resisting the Indian police Saturday. Myers drew his revolver on the Indians, but he was covered by thirty Winchester and his nerve vanished. The men are at the agency and will have a hearing today.

Wages Increased 10 Per Cent.

Peoria, Ill., Oct. 14.—The Peoria grape sugar works, one of the principal industries of the city, which has just started up after a shut-down of several weeks, has announced that November 1 the company will advance wages 10 per cent. This is the old standard, a reduction having been made two years ago on account of hard times. The works are now grinding 14,000 bushels of grain per day and working over three hundred hands.

DURRANT HAS TALKED.

San Francisco Prisoner Said to Have Made Damaging Admissions.

San Francisco, Cal., Oct. 14.—Now that Durrant has told his story and has made answer to all the accusations implied by the cross-questioning of the prosecutors, an impression exists that there is something to come which may have more effect on the minds of the jurymen than anything that has developed. This feeling is due to the confidence with which District Attorney Barnes put startling questions relating to a conversation by Durrant with Miss Carrie Cunningham, a newspaper reporter, at the county jail within the last week, and to the address and indorsement of an envelope which may or may not have contained a confession.

When the prosecuting witnesses are put on the stand they will relate the words of a statement that bordered on a confession. They will seek to prove that this man, who has been silent for six months, talked of matters touching his very existence, and at a time when it was important for him to maintain silence. These witnesses will seek to show that Durrant made admissions which will destroy the whole fabric of the defense.

The prosecution states that the evening of September 22 Miss Cunningham visited Durrant at the county jail and that Durrant showed her a small envelope, which bore this address and indorsement: "Messrs. Dickinson and Durey; to be opened in case I am convicted; to be returned to me in case I am acquitted."

Durrant then told the young lady the envelope contained a complete statement of all that had occurred at the Emanuel Baptist Church the afternoon of April 3. He said it had been written that his attorneys might know the facts if he was convicted of the murder of Blanche Lamont.

CHARGED WITH MURDER.

Four Men Arrested for the Crime at Fort Wayne, Ind.

Fort Wayne, Ind., Oct. 14.—Yesterday at 3 o'clock Captain Borgman of the Fort Wayne police force arrested James Cunningham, Charles Yetter and William Thompson, on the charge of murdering George M. Singer, the aged postmaster at Dunfee, Ind., the night of September 17. No official information was given out concerning these arrests till 9 o'clock, when Sergeants Daseler and Jewel arrested John Saurr at Dunfee.

The officers are still reticent and refuse to let the prisoners be interviewed. They say, however, that they secured enough information from the prisoners during the day to indicate that they had arrested Yetter by mistake, and that Snurr, the man arrested last night, was one of the gang that clubbed Singer to death in his bed above the post-office after binding, gagging and robbing him.

A revolver found in Snurr's clothes when searched is evidently the gun Singer had under his pillow when he was murdered. The rumor that Cunningham has made a complete confession is denied by the officers.

PRESBYTERIAN CONVENTION.

Peoria, Ill., Will Entertain the Members of This Church.

Peoria, Ill., Oct. 14.—Following so quickly after the conventions of the Illinois Federation of Women's clubs and State Federations of Labor unions, Peoria will entertain the annual meeting of the Presbyterian church of Illinois. In connection with this convention, which will be large in itself, will be held a congress of missions, both conventions promising to call no less than 1,000 delegates from all parts of the state. The synodical meeting is a large affair, but the congress of missions, which follows immediately after, will be even larger. The state synodical meeting will convene Tuesday evening, October 15, and close Thursday afternoon. The congress of missions will convene Thursday evening and close Sunday evening.

Silver Men in the Senate.

Washington, Oct. 14.—There is going to be a lively fight when the republicans and silverites attempt their much-talked-of reorganization of the senate. For the silverites Senator Dubois declares that his people intend to completely reorganize that body. They propose, he says, to appoint the entire official list of the senate, as well as take possession of a proper proportion of that long list of chairmanships which belong to the majority.

OUTWIT WARDENS.

Wagonloads of Brain Food Confiscated and Sold at Auction at Appleton—Big Burglary at the Saw Dust City—Two Firemen Fight—Other State Specials.

Appleton, Oct. 14.—[Special].—The fishermen of Oshkosh have been trying to evade the game wardens with illegal catches, by taking their fish to Green Bay by wagon. Two loads passing through here this morning were seized by wardens. They contained five thousand pounds and the drivers were arrested and fish sold at auction. It seems as if illegal fishing would continue despite the fight of the game wardens.

THE SUPREME COURT.

Highest Form of Law of the Land Opens To-day.

Washington, Oct. 14.—In accordance with usual custom at the beginning of the October term, the United States supreme court will hear no motions today, when it reassembles, except those for admission to the bar, but it will sit on Tuesday to hear general motions. The majority of these usually take the form of motions to advance special cases, and the indications are that the present term will prove no exception. The government will have about fifteen such motions, including one in the Judge Long pension case. It is possible that, besides hearing motions for admission today, the court may announce a few decisions. If the president should arrive in Washington before the convening of court there will be an early adjournment in order to permit the usual formal call at the White House.

Farmers Holding Their Wheat.

Duluth, Minn., Oct. 14.—The anonymous circular sent to the farmers of the northwest some weeks ago urging them to hold their wheat, as the present low prices were but part of a conspiracy on the part of the capitalists of the country to rob them, has had its effect, and the farmers are following the advice given them religiously. In consequence there is a wheat famine on, and grain buyers find it impossible to purchase hardly a bushel anywhere in the northwest. The movement in coarser grain is larger, however, than ever before in the history of the market, and is steadily increasing.

Cleveland, Ohio, Oct. 14.—Sylvester Scovel, son of Rev. Dr. Scovel, president of Wooster (O.) University, and for some time manager of the Cleveland Athletic Club, left yesterday for Cuba, where he goes under contract with the revolutionists to act as instructor in cavalry drill. Mr. Scovel was a member of Troop A, the crack cavalry company of Ohio, and is an expert horseman and swordsman, as well as an all-around athlete.

French Troops Earn Their Victory.

Paris, Oct. 14.—A dispatch received here from Mojanga, Island of Madagascar, says that the fighting prior to the occupation by the French of Antananarivo, the capital of Madagascar, on Sept. 30, was of a very determined character. The engagement was fought over ground which extended nine miles, right to the capital. The artillery fire resulted in the royal palace being struck by a shell and destroyed.

W. C. T. U. HOME PLAN IS BEING PUSHED

WILLARD FARM SCHEME IS LIKELY TO BE A GO.

Chicago Inter Ocean Devotes Two Columns of Space to It in Sunday's Issue, Setting Forth the Points That Are Aimed at by the Projectors.

The plan to make the Willard farm a W. C. T. U. rallying ground, seems to be meeting with considerable favor. The Chicago Inter-Ocean devotes two columns of space to the scheme yesterday, the article being illustrated with three double-column pictures, one representing the "Rest House," one the street in front, and the other the big ravine on the place. The article was as follows:

"The Willard homestead, where Miss Frances Willard spent the greater part of those delightful, never-to-be-forgotten 'nineteen beautiful years,' bids fair to become famous as a great and grand Rest Home of the National Woman's Christian Temperance Union.

"Forest Home" is the name of the old farm. It is charmingly situated near Janesville, Wis., less than three hours by rail northwest from Chicago, on the picturesque banks of Rock river.

"The place is a historic one to every loyal member of the Woman's Christian Temperance Union. It was for twelve years the home of Miss Willard and, as such, has an almost sacred atmosphere and environment. The Willard family went there when it was nearly fresh from the hand of bounteous nature.

A Pastoral Incident.

"It was there the young Frances had a peaceful cow which was broken to harness, and fitted with a saddle for the sisters, who were by and by to separate for the by and by reunion. The 'Forest Home' was so dear a place that when the girl in her teens became famous over the Christian world, she turned her thoughts and her pen back to those early days and has given the public a peep into her heart to see how large a place there has ever since been filled by the life at the hallowed homestead, with the beloved sister and brother and devoted parents, and how joyfully sweet will be the family gathering beyond the strife and the stars.

"The farm of 'Forest Home' as it is today, comprises 238 acres of land. The old home has been somewhat changed and a large modern brick dwelling of over a dozen rooms stands where the Willard family spent so many peaceful happy days. The lawn is fine, the shrubs and shade trees are ornamental and a large kitchen garden is well stocked with the useful plain and substantial vines and fruit trees while behind it stretches the meadow; sloping down to Rock river on the west. On the north side of the meadow is a grove of fine forest trees. The Rock river which needs no description to Illinois readers, bounds the farm on the west and the grounds lie on both sides of the main highway running south from the attractive little city of Janesville. The city is growing rapidly out toward the farm and with the modern conveniences such as electric cars, which are in operation there it is easy of access.

Must Be Got Now.

"During recent years the homestead and its handsome grounds have several times changed owners. It has been with a view to giving it a permanent name and character that a project has been undertaken to make Forest Home a national home or place of retirement for deserving veteran members of the Woman's Christian Temperance Union and for such uses and purposes of the union as time and circumstances may suggest.

"The originator of this plan is A. S. Maxham. His idea was to save the property from being subdivided and disposed of. He concluded that the whole place should be secured and a considerable portion of it, including the original and other buildings, should be tendered to the National Woman's Christian Temperance Union as a free gift.

"It was well known that Miss Willard had long desired to obtain possession by purchase of 'Forest Home,' but had been unable to do so for financial reasons. The idea was, therefore, that the land be bought by a friend of the Woman's Christian Temperance Union cause and that so much of it as might be required for a rest home be set apart for that purpose, while the remainder of the land could be sold under well defined restrictions to responsible parties, and that the proceeds of the sale be devoted to the

work of the Woman's Christian Temperance Union and for the creation and maintenance, perhaps, of assemblies in the interest of the union and for such other purposes as time and the growth of the cause may develop.

"Miss Willard, writing to a friend, under date of January 23, 1895, in reply to a proposition to her to buy the home, says:

It is Accepted.

The general officers of the National Woman's Christian Temperance Union covenant and agree as follows:

Whenever they are presented with fifty acres and the buildings thereon of the old Willard farm, known as 'Forest Home,' located at Janesville, Wis., free and clear of all incumbrances, they agree to accept the same for the purpose of establishing a national home for deserving members of the union, and for such other uses and purposes of the union as time may show to be advantageous. It is expressly understood and agreed that this property when so deeded is not to be used for any other purpose than above indicated, but is to be devoted solely and for all time by the National W. C. T. U. to the National Home and to the needs and work of the union.

"It was views like these of Miss Willard that led Mr. Maxham to confer with Mrs. Vic H. Campbell, president of the Wisconsin W. C. T. U., and then to begin the work of securing the farm and making arrangements for the Rest Home indicated. In this enterprise the projector of it was also aided by Presiding Elder G. R. Vanhorne, of the Dixon District and Presiding Elder W. H. Haight of the Rockford District, both of the Rock River M. E. conference, as well as by men like Rev. Dr. H. W. Balton of Chicago. The project has the cordial approval of Miss Willard, as well as of the other general officers of the national W. C. T. U.

The agreement entered into between those who have this undertaking in charge and the National W. C. T. U. is as follows:

"To no one living is the Willard farm as dear as it must always be to me, and if I thought it right, I would set about raising money to make it the property of the W. C. T. U. as a place of rest and retirement for their over-worked comrades.

Willard Heights.

The name of the subdivision is Willard heights. The portion set apart forever to the uses of Rest Home comprises fifty acres. The remainder of the farm or 189 acres is platted into residence lots, 50 by 150 feet, with sixty-six foot streets and sixteen foot alleys. These lots are to be deeded under a strictly prohibition agreement and covenant, and are placed at what is believed to be a reasonable market value aside from the W. C. T. U. institution. The lots will be disposed of to individual purchasers. The contract and covenant provides that whenever 200 lots are deeded to bona fide purchasers, then the fifty acres shall be duly transferred to the National Woman's Christian Temperance Union; thus the purchaser of the number of lots indicated shall become the donors of the fifty acres to the W. C. T. U. It is expressly understood that neither the national nor any local union, nor any one connected with them, is in any way responsible for the platting or sale of the property. It is an enterprise of a private sort, originated and conducted by friends of the organization and cause. There will be about 725 lots in the acreage mentioned. The project means the founding of a national home and its proper maintenance for the workers of the union "for God and home and native land."

The "Hizzonrs Whist Club" named for Mayor Frank S. Baines, met with Mr. and Mrs. S. A. Chase on Saturday evening and a very pleasant evening was spent. As an evidence that the club was well named it may be said that the prizes were won by Mayor and Mrs. Baines. The members are Messrs. and Mesdames F. S. Baines, D. D. Mayne, Paul Heinrich, S. A. Chase, F. A. Taylor, T. S. Nolan, E. J. Green, Archie Reid, Q. O. Sutherland, F. C. Hesselton.

VOWS ARE TAKEN AT THE ALTAR

Sherwood-Pelton.

Roscoe Sherwood and Miss Mabel Pelton were married at 5 o'clock Saturday afternoon at the home of the bride's parents, Mr. and Mrs. E. H. Pelton, 158 Glen street, Rev. A. W. Stevens of Milton, performing the ceremony. Miss Mary Hadden and Frank G. Irish acted as bridesmaid and groomsmen, and a large number of friends and relatives were present. An elaborate wedding supper was served at the home of Mr. and Mrs. L. M. Gilmore, grand parents of the bride, 155 Glen street, after the ceremony. Mr. and Mrs. Sherwood will make their home in Janesville and will board with Mr. and Mrs. Gilmore.

Both young people are well known to Janesville residents. The bride is the eldest daughter of Mr. and Mrs. E. H. Pelton and has always made Janesville her home. She is a most estimable young lady and one for whom all have a good word. The groom is the eldest son of Mr. and Mrs. James A. Sherwood and is a popular young business man. Many friends will wish Mr. and Mrs. Sherwood long life and prosperity.

The occasion was a particularly pleasant one as it was the twenty-fifth anniversary of the wedding of the bride's parents and the forty-sixth anniversary of the wedding of her grandparents.

PREACHED ON CHINA TO PRESBYTERIANS

MRS. WELLINGTON WHITE RELATES HER EXPERIENCE.

Rev. Dr. Halsey and Rev. Andrew Porter Are Welcomed Back to Their Old Charges—The Baptists Raise \$265 at Their Sunday Morning Meeting.

Mrs. Wellington White addressed a large audience at the Presbyterian church last evening on the subject of China and Chinese missions. Mrs. White spoke from personal experience having been fourteen years a missionary in China. She drew a vivid picture of the darkness and ignorance of the Chinese people and especially of the women.

The Congregationalists listened to a very appropriate and helpful sermon yesterday morning the subject, "Fallen Leaves" being one from which many lessons could be drawn.

Methodists welcomed their old pastors back Sunday, Rev. Dr. Halsey and Rev. Mr. Porter preaching to large congregations. In both churches the year opens auspiciously.

Raised \$266 in One Meeting.

The income of the Baptist church of this city, is enough to meet all ordinary expenses, but this summer about \$250 extra expense was incurred in building a new sidewalk and in repainting the church. Sunday morning this was stated to the congregation and a request was made for subscriptions. In a very few minutes \$266 had been raised and the debt for the year cleared away.

"How May Our Society Do Better Work?" was the topic of the Baptist Endeavor Society last evening. The answer might briefly be given, "By doing better work myself." The formation of a choral society was discussed, and the matter left in the hands of the music committee. An attendance of nearly one hundred testified to the interest manifested in the work of the society.

Work of the Young People.

The Christian Endeavor meeting at the Congregational church Sunday under the efficient leadership of Miss Gertrude Cobb, proved to be very interesting. Short and pointed talks were given by the chairmen of the various committees. The lines of work were suggested. The organization of a choral union study of church was talked of and referred to a committee. The union is to be composed of singers from the three Christian Endeavor societies. The business meeting is to be held Thursday evening in the church at the close of the mid week meeting. All members of the society are urged to be present. At the Presbyterian Y. P. S. C. E. the subject was "How Can Our Society Do Better Work?" and there was a discussion of different plans of committee work, with very helpful talks from Miss McDorland of the Baptist society, Mr. Spoon of the Congregational and Mr. Summers of Chicago.

CAN SAY "HELLO" TO CHICAGO

New Metallic Circuit Connects This City With the Metropolis.

Janesville people can now talk with Chicago over a direct metallic circuit. Sixty cents it costs for five minutes' conversation. The new line was finished yesterday and today it was tested. It works like a charm. The route is via Beloit and Rockford and the charge for a three minutes' talk with Beloit is now only fifteen cents.

The telephone line men are now working on the metallic circuit from Milwaukee to Janesville and hope to have it completed in a month.

The Opening Day.

Saturday, the first day of our shoe sale will go down to history. People will refer hereafter to Lowell's shoe sale opening almost as they would to any other eventful day. Never before have so many shoe buyers collected together at one time to make purchases. We didn't expect so many people and some of the people perhaps were delayed a little it's not to be wondered at when you think of \$1,100 worth of business having been done on this one day.

Those were the figures on the Annex' books at closing time and that amount is going to be swelled to some extent before the sale ends. Prices do the work. Shoes never have been so cheap and it will be a long time before they are again. Lowell's Annex.

Banner Day.

Saturday proved to be the banner day of the season. Our sales were larger than any day since last spring. It goes without any pushing that people are getting, have got, a stomach full of old plunder. It don't pay to buy trash when it comes to shoes. People are getting their wisdom teeth, and are on the lookout for Mr. Shoddy. We fully warrant every pair of shoes we sell. Brown Bros. & Lincoln.

Notice to Our Friends.

We wish to announce that we give a pair of shoes away every day. They will be in the show window and the first man they fit is to be presented with them free. All we require is that they are a perfect fit. You are invited to come in and try them on. We will publish from day to day the lucky man. Brown Bros. & Lincoln.

New Goods?

A large cask and an immense big box of crockery came this morning. We haven't had time to open them yet, but will probably do so today and will let you know tomorrow what they contain. Lowell's Annex.

You Know It.

We advertise the truth. The genuine Round Oak is the best. It will always please. It never fails. See the name on the leg. Lowell Hardware Company.

The Present Generation

Lives at telegraphic speed—eats too fast, retires too late, does not rise betimes, smokes and (alas that we should have to say it!) chews too much tobacco. The consequences are despondency, a general absence of that robust and manly vigor which characterized our ancestors, and a manifest proneness to early decay. Regular hours, a due allowance of time for meals, the disuse of excessive smoking, and altogether of chewing tobacco, in connection with a course of Hostetter's Stomach Bitters, will in nine cases out of ten effect consequences of the abuses of the laws of health indicated above. A want of stamina, dyspepsia, nervousness and biliousness are among the consequences, and they are bodily ills to the removal of which the Bitters is specially adapted. Sores, the Bitters less fitted to overcome and prevent fever and ague, kidney and bladder troubles and rheumatic elements. It is also a fine appetizer and promoter of convalescence.

STATE LINE "DENS" TO BE CLEANED OUT

ILLINOIS AUTHORITIES AFTER "THE WILLOWS" OUTFIT.

Say They Will Not Rest Until All Are Taken Care of—Higgins' Place Raided by Deputy Sheriff Tully Yesterday Afternoon, and Several Inmates Placed Under Arrest.

The authorities now propose to clean out the nest of disreputable characters who make "the Willows" and the state line resorts, near Beloit, their headquarters. For a long time these places have been a disgrace to the two states but in an interview District Attorney Frost of Winnebago county, told a Rockford reporter that the places would have to go.

"We have had trouble for years with illegal liquor selling on the state line," he said "but I have just succeeded in securing the indictment of two persons engaged in business there, and we propose to clean the whole nest out."

District Attorney Frost made his statement good yesterday afternoon, when he caused a raid to be made on the "Higgins place." Deputy Sheriff Hugh Tully, who gets his authority from the county of Winnebago, Ill., although he is the baggageman at the St. Paul depot at Beloit, made the raid, he being assisted by other deputies. Among the people captured and taken to Beloit were Rhoda Whalen and his son Matthew and Elizabeth Price, alias "Greasy Sal." Three other women were also caught, and the whole outfit was taken to Rockford overland. This is the second raid made by Deputy Tully, and the Rockford authorities claim to have good cases against the accused.

Whalen, Sr., put up a hard fight and the deputy was forced to club him into submission before the party could be arrested.

Wall Wright, a tough citizen from Beloit, is in the county jail here, serving a sentence for drunkenness.

A REMARKABLE CURE.

A CASE OF PILES OF EIGHTEEN YEARS STANDING.

Cured by the Pyramid Pile Cure.

There are plenty of pile cures which give relief and sometimes cure a mild case of piles, but there is only one which can be depended upon with certainty to cure obstinate long standing cases, and that is the Pyramid Pile Cure.

Endorsements and testimonials are received daily from men and women whose integrity and reliability are above question and in this connection a letter received from the Rev. Jas. H. Wesbrook, of Bowne, Mich., may be of interest to piles sufferers who have sought in vain for a cure. He says:

I have used the Pyramid Pile Cure and I know that it is all that is claimed for it. I had been troubled with piles more or less for about eighteen years and I had tried other remedies, but the piles grew worse until about ten months ago I used the Pyramid Pile Cure. It gave almost instant relief and I have been free from piles ever since. Rev. Jas. H. Wesbrook.

The remedy seems to act equally well in every form of piles, blind, bleeding, protruding or itching. It stops all pain almost immediately, allays irritation and removes constipation, and anyone who has suffered the annoyance and pain of a rectal trouble will appreciate the excellent results which invariably follow the first application of the Pyramid.

The Pyramid Pile Cure is prepared by the Pyramid Drug Co. of Albion, Mich., and for sale by druggists everywhere. Two sizes, 50 Cents and \$1. Sold by all druggists.

Every Reason

In the world why that special \$2.50 Dongola kid shoe of ours should prove such a seller. We don't figure to make any money on them to amount to anything, just simply want to get people acquainted with a good shoe and use it as a leader for our trade. The shoe with like stock would cost you from \$3 to \$3.50 at another store, but remember it can't be duplicated. We have them in three styles, all sizes in any of them. Richardson Shoe Co.

DIED OF INJURIES RECEIVED BY A FALL

H. DRAFAHL PASSED AWAY THIS MORNING.

The Inner Table of the Brain Was Fractured When He Tumbled From the Wagon—Coroner's Jury Called and the Inquest Adjourned—Other Deaths.

Henry Drafahl died this morning, from the effects of injuries received by falling from a wagon at the Church farm on the Magnolia road on Saturday night. His skull was fractured and his hip dislocated the wounds being such that little could be done to prolong his life.

Drafahl was in town Saturday with a load of potatoes, another man employed about the farm accompanying him. They left for home in the evening and after the horses had been cared for, the other man went into the house. Drafahl did not come in, and the others went to look for him. As they entered the barn they saw him lying on the floor in a pool of blood. He was picked up, and seeing that his hip was out of joint, an effort was made to get the bone back in place. In the meantime a messenger had been sent to this city for a doctor.

Skull Was Fractured.

Dr. Walter B. Metcalf and Dr. James Gibson came soon afterward, but they found that their skill would be of little avail. Drafahl's skull was found to be fractured in addition to the injury to his hip, and he had received painful bruises. However, he was made as comfortable as possible, and lived until this morning, when death came to his release. The supposition was that in climbing from the wagon, Drafahl fell, striking on his head, thereby inflicting the injuries.

The dead man was about eighteen years of age, and was a son of Mrs. F. Drafahl, of this city. The latter seems to be getting her share of sorrow and ill luck, as this is the second child who died a violent death, the other being drowned some time ago. "I think the fall caused a fracture of the inner table of the brain," said Dr. W. B. Metcalf today, "and the suffusion of blood caused the discoloration."

Coroner's Jury Called.

In order that all parties concerned be freed of any unjust criticism Dr. Metcalf decided to recommend a coroner's inquest to look into the cause of death, although there was no indication of anything but a natural death from injuries received by accident. So Justice Richardson gave Constable Cochrane a summons for a jury. The men called upon were Alfred Alden, J. L. Bear, David Davies, Fred Clemons, C. H. Kueck and Henry C. Tall. After viewing the remains the inquest was adjourned until 10:30 tomorrow morning.

Mrs. Anna B. Roethinger.

Mrs. Anna B. Roethinger, wife of the late James Roethinger, died at her home on South Main street at 12:45 o'clock yesterday afternoon after a long and painful illness, the result of a cancer, aged sixty-one years. Mrs. Roethinger was well known and universally respected by Janesville people and his death will be widely mourned. Her husband died some years ago, and four children preceded her to the final rest. Three children are now living, they being Amelia, wife of Charles Evenson; Ida, wife of Dr. Harry Fox, and Miss Maud Roethinger. The funeral will be held from the family home on South Main street at 2 o'clock tomorrow afternoon.

Baker.

Mr. and Mrs. F. S. Baker, who reside at 206 North street are mourning the loss of their nine year old son who died at nine o'clock yesterday morning of croup. Mr. and Mrs. Baker have but recently moved to this city from Huron, S. D., and the remains were shipped to that city this morning at 10:55 o'clock, Rev. A. Porter conducting brief services at the home prior to the shipment.

Funeral of Joseph A. Grogan.

The funeral of Joseph A. Grogan was held from St. Patrick's church at 2:30 o'clock yesterday afternoon, Rev. Father Collins conducting the services. The pall bearers were James Connors, George Dougherty, Thomas Cullen, Peter Hines, Samuel Atkinson and Patrick Holleran.

H. M. Edwards of the Richardson Shoe Company this morning sent a telegram to his wife announcing the death of his father, which occurred at Clinton, Ill., Saturday. Mrs. Edwards left for Clinton today.

Funeral of Otto Karl.

A. C. KENT TO PUT UP ANOTHER BUILDING

THREE STORY MODERN EDI- FICE IS IN PROSPECT.

It Will Replace the Old Wooden Rookeries at the Corner of Court and Park Streets in the Rear of the Handsome Block Now in the Course of Construction.

A. C. Kent will build another block on Court street in the spring. The new building will be located at the corner of Court and Park streets, and will be a handsome modern structure. It will have forty-two feet front on Court street and forty-four feet on Park street and the cost will be about \$7,000. Architect Kemp is now at work on the plans which will call for a three story edifice to contain two stores on the ground floor with four flats above, two on each floor. Both stores and flats will face Court street and will have plenty of side light as

A. C. KENT.

well. A fifteen foot alley will run between this building and the one Mr. Kent is now putting up, and the new structure, thus making all the rooms light and airy and of easy access. Owing to the fact that the work on the present building has been greatly delayed by the non-arrival of iron work, and that the tenants in the present building have leases until March 15, '96, the work cannot be begun until next spring.

The Building Not Rented.

"The new buildings have not yet been rented" said Mr. Kent to a Gazette Reporter. "All the rumors to that effect are without foundation. I shall not make any contracts until the structure is complete. I have had many applications for both flats and stores but have not made any agreements up to date. I may decide to live in any one of the flats myself, but as I said before, nothing has been done or will be done until the work is finished."

Mr. Kent evidently has the faith in Janesville that all good citizens should have. His enterprise gives the city two handsome buildings that would be a credit to any town, and what is more, they replace a row of old rookeries that have long been an eyesore. Citizens of Mr. Kent's stamp make a city, and Janesville people should, and do, appreciate his efforts in that direction. Nothing improves a town more than good buildings, and the man who so invests his money in a public benefactor.

cannot steer a balloon that is merely drifting with the air currents. For want of better means I would equip my pole bound balloon with propellers which could be worked with the feet like a bicycle. To go straight against the wind would be too laborious, but I could tack. Going at the rate of only two miles an hour, it would be practicable to reach the destination and return within 30 days. But, with a strong and favoring wind, we might get there in two days."
